INFOS

The 2nd release on **45 Loves** sees a killer live disco joint with a super upfront 'Good Times' bass line driving the track along, add in sparse vocal snippets, subtle horns and spacy synths and we have an 80's jazz/funk/disco flavored jam brought right up to date.

Dancefloors were made for this, quality stuff. The flip is another fusion cut, dropping the tempo and creating an electro/disco/rap affair.

Very limited stamped records & hand numbered to 200 copies, loud kraft cover stamped to!!
