INFOS

Véronique Sanson is one of the most famous French pop oriented female singer, songwriter, and composer of the 80s. She began her career in the 70s, and was the girlfriend of genius composer Michel Berger. Her world turned upside down when she met Stephen Stills of Crosby Stills & Nash. One Day, during a recording session in Paris, she left the studio pretending to go buy cigarettes, but never came back... She flew overnight to the USA, where she married Stephen Stills. In LA, she records new music with superstar composers such as Ray Parker JR and Harvey Mason. "**On m'attend là-bas**", produced in 1974, was one of the single of the album *Le Maudit*.
