## INFOS

The American pop duo 'made in France' has been making waves on the Parisian stage with their retro style evocative of the great girl groups of the 60's (The Shirelles, The Ronnettes, The Shangri-las). This album follows the release of music video clips for the singles "Beau Brown" and "Burn".

Musicians and songwriters bathed in the pop music of the 50's - 70's from their native USA, **Johannah Cantwell** and **Laura Woody** take us through the ups and downs of their lives in Paris with joyful melodies and self-deprecating humor. The album has undercurrents of surf rock and Motown, with riffs from organ, harpsichord, sitar and timpani supporting their texts, which are decidedly of their time.

Produced and arranged by **Franck Hedin** and **Nathalie Loriot** (The Shuffles, Lafayette, Howlin' Jaws...), recorded by Fred Carrayol at Mercredi 9 studio in Paris, the album was both mixed by Fred and Etienne Colin.
