## **INFOS**

Comet is pleased to announce the third volume of the **Afrobeat Makers** Series: Nu Guinea - *The Tony Allen Experiments*.

By re-working the original magic drum patterns from the Afrobeat master **Tony Allen**, Nu Guinea created a compilation of tracks which is charged by a voluminous electronic jazz-Psyche funk imprint.

For this release, Comet Records teamed up with **Early Sounds Recordings**, the Berlin label, also home to duo Berliners **Nu Guinea**.

The Naples formed, Berlin-based duo, is a project that arose out of jam sessions, melting synthesizers with instruments, containing a handmade sound that is not aiming for perfection but genuineness. It can be understood as a steadily shaping form, always open for collaborations with other musicians.

They've previously collaborated with singer **Wayne Snow** (fellow Berliner artist on Comet) for the vocal edit of Nu-World, also delivered a remix for Wayne Snow's 'Rosie Ep' both recently released on **Tartelet Records**.

**Nu Guinea - The Tony Allen Experiments LP** due to be out on February 9<sup>th</sup> 2016, as vinyl LP.
