INFOS

Cordial Recordings is a new label with a love for all things with Soul, Funk and a touch of Jazz.

The first release on the label is two unreleased jams from the 70s that remained in the can until recently by original Mercury Records act **Mark IV**.

'Hang Ups' is a bright uptempo number that brings forth the Funk with a sprinkle of Disco vibes to ensure a solid dancefloor winner. On the flip we treated to the original demo version midtempo shuffler 'Give Me Just A Little' with a great lead vocal from Jimmy Ponder and amazing harmonies from the rest of the group.
