INFOS

Four timeless killer tracks from **Nick Holder** reissued by **Deep & Roll** for their first release.

Reminiscin' EP pays tribute to the diversity of house music that the canadian producer has put together over the years.

Starting with “A Word from Mr Prince” and its 70’s jazz-funk grooves, the second track “Feelin Sad” shifts into a deeper and more emotional atmosphere.

Face B features disco floor filler “Eddie’s Groove” and the insane combination between freaky vocals and pumpin’ bassline on “Phat Track”.
