INFOS

DJ Vas is back with another killer volume of his “Re-Edits & More” series!

DJ Vas is primarily known as a member of pioneering 90s French House band, **Kojak**. When the 1.0 French Touch wave was blowing the world, Kojak was one of the fourth most popular acts in France alongside **Daft Punk**, **Air** or **Cassius**.

Now more focused on his solo career, this talented DJ, producer and sound engineer maintains a stylish wide musical vision, and manages to find the perfect balance between styles. For this specific project, he practiced the very special game of Soul-Funk and Disco edits.

Following the success of his prior efforts (EDR017, EDR018, EDR022 & EDR024), DJ Vas is back on **EDR Records**, pursuing the series with this fifth edition: 4 new tremendous reworks, finely cut and re-produced in complete new versions, and filled with this classic French Touch twist!!

His production is a brilliant mix between fine techniques, deep respect of the originals and real personality. In short, DJ Vas music is contagious, warm and always sharp!!
