## INFOS

**Bruno "Patchworks" Hovart** is one of the top producers of today's groove music scene. After playing as a bassist and guitarist for various bands, he started producing in the mid-nineties and has kept on mixing today's technologies with the raw spirits of House, Electronic, Disco, Funk, Soul, Reggae & Jazz music's golden years since then.

Following the trail of success left by his various projects as Patchworks, and under many aliases, he's proved his musical ubiquity and unexpectedly stroke in various genres. Today, he's back under the **EDR Records'** umbrella, following up to his various EP for the label, and meanwhile pursuing a comeback to his early love for House music.

Many House music diggers would indeed remember that before Favorite Recordings was launched in 2006, Patchworks and **Pascal Rioux** produced many deep-house tracks on the **Rotax Disques** imprint. Besides since the late 90s, Patchworks has also collaborated with labels such as **Q-Tape**, or **Still Music**, delivering many clubbing hits such as "Million Toes", "Sugar", or "Minautor".

On this 5 tracks EP, he delivers 4 killer tunes again, inspired by the Michael Jackson's classic hit, "Rock With You".
