## INFOS

Here comes the long awaited 2<sup>nd</sup> edition of ***My Love Is Underground*** reissue compilation!!

When **Jeremy Underground** and Pascal Rioux met up they immediately shared a common longtime idea of bringing their favorite House & Deep-House underground classics back onto the wax format. The result was *My Love Is Underground*, a compilation made of 12 rare, underrated or unknown tunes, finely picked by Jeremy in his collection!

Released in 2013, the album reached a strong success, and received great feedbacks from international media such as Resident Advisor (Best Comp Reissue of the Year), The Vinyl Factory, or DJ Mag to name just a few.

Building on that success and that genuine love for House music' genres, **Favorite Recordings** and Jeremy naturally decided to follow up with a 2<sup>nd</sup> edition, and are very proud to present it today.

***My Love Is Underground (12 other House tracks selected by Jeremy Underground)*** will be released officially as vinyl gatefold 3LP.
