INFOS

Favorite Recordings pursues its 12inch Disco series with a new 2 tracks single by **7 Samurai**. After a few remixes already produced for the label over the past 3 years, the duo (Tom Wieland & Marc Frank) known for their various edits and productions for labels such as **G.A.M.M** or **Poets Club Records**, will extend this collaboration with a new album planned for 2016.

On these 2 first tracks, old-school "x-edit" kings 7 Samurai are back on da block with two soulful original party tunes.

"**Shake It Up**" is a sun drenched disco reggae dub version of the classic rare groove anthem by The Vibrations, and features the vocal talents of **Alicia "Blue Eyez" Smith**. While the dubby disco flip "**Cosmic Jam**" (dedicated to Patrick Forge), sounds like Sun Palace's rude movements reworked in King Tubby's echo chamber.
