INFOS

Favorite Recordings proudly presents this new official album reissue of ***Music Life*** by **Crystal**: A killer LP produced in 1983 by Georges Debs (GD Productions), and mixing elements of zouk and tropical influences from the French West-Indies, with heavy disco and funk flavors.

Crystal was an 8 piece combo from the French West-Indies islands led by **Franck Donatien**. Gifted guitarist and composer, Franck Donatien had a few experience leading band projects such as Crystal, **Lazer** or **Taxi Créole**, and is mostly known and respected for his long and prolific career as a musicians for many artists from the local zouk music scene.

With Crystal, he released 2 albums between 1984 and 1985, both today very hard to find and famous for including some amazing tracks. If ***Funky Biguine***, Crystal's second album, is mostly a 1 track LP with few other moments, ***Music Life*** is truly a brilliant album from first note to the last, including climax titles such as "Music Life", or "**Santo Domingo**".

Today, **Favorite Recordings** is deeply honored to officially make this forgotten treasure available again for all. Fully restored and remastered with great attention to sound quality, ***Music Life*** by **Crystal** is presented in a deluxe vinyl replica, and digital versions.

And later this year, more Crystal music can be expected, with the track "**Funky Biguine**" to be included in the second edition of the ***French Disco Boogie Sounds*** compilation series.
