## INFOS

Meet **Courtney John**, the lovers rocker, that enigmatic, rare artist who comes along every once in a while, with uniqueness that simply radiates. His peers have called him a modern day Slim Smith; some say he's like a young Eddie Kendrick's or even Curtis Mayfield. Writing, singing and producing comes naturally to Courtney John who was born into a musical family. He grew up listening to his uncles Winston and Beres Hammond, so it came as no surprise, when at age twelve; he wrote and performed his first song.

Courtney John's solo efforts have garnered him some of music's highest accolades, his releases *From Letters to Words* and 2009's *Made in Jamaica* with the infectious single "Lucky Man" saw crossover success. Vocal and lyrical contribution to Sly & Robbie's 2011 Grammy Nominated Album *One Pop Reggae* only further established John as a musical heavyweight and his title as the worldwide "Lovers Rocker". Courtney has also penned and produced hits for international stars, Nelly Furtado & Michael Franti, as well as Luciano, Mr. Vegas and reggae legends Joseph Hill, Beres Hammond, Culture and Marcia Griffiths to name a few.

The new single "**Strangers**" is a mix of vintage & modern production, co-written produced & tailored like haute couture by **Guillaume "Gee" Metenier**, the riddim track is performed by a line-up of top players from Paris international music scene.
