## **INFOS**

Hi-Life & Afro-Funk essential from Ghana! The legendary **K. Frimpong**'s fantastic rare second album recorded in 1975 at Ghana Films Studio.

**K. Frimpong** was born on July 22<sup>nd</sup> 1939 at Ofoase in the Ashanti-Akim district and entered right into music after elementary school by joining "Star de Republic" and later "Oko's Band" after which he left to K. Gyasy's band where he worked for more than 6 years.

As a prolific songwriter and singer, here's the reissue of his 2<sup>nd</sup> album, a modern fusion of Hi-life and the traditional beat called "Ahhyewa". The excellent background is given by the **Super Complex Sounds** band which makes the Ahhyewa beat abundantly, dancable, and colourful.

Originally produced on "Ofo Bros", label of the Ofori brothers in Kumasi, this two long sides recording were divided in 6 themes each sides, and make a deep 16 minutes long hi-life trance.

A must have vinyl of percussive Afro-Funk & modern Hi-life for all the music connoisseurs.

Remastered by Frank Merritt at The Carvery / Pressed on Deluxe Replika format / Fully licensed to the Alhadji Kwame Frimpong Family
