## INFOS

Few years before the international hit “Uptown Top Ranking”, made with his friend Donna, **Althea Forrest** recorded “**Hey Mister**” for famous producer (and singer) **Derrick Harriott**.

Mid 1970's, Derrick Harriott is the best reggae-soul producer in Jamaica. He's made tons of US soul cover with Jamaican artists. “Hey Mister” was recorded at Federal studios (Tuff Gong nowadays) and didn't get an international audience, not even in Jamaica, probably because it was not a cover!

For the first time since 1976, “**Hey Mister**” is now available on a Maxi vinyl 12" to offer the best sound quality. Thanks to Derrick Harriott's master tapes and to the original artwork, now you can play this tune in the perfect condition.
