## INFOS

**Mona Musique returns with more delectable Deep House for its second release: the debut EP from veteran DJ Lea Lisa, featuring Rich Medina.**

.....

**Mona Musique** is the imprint from **Nick V**, curator and resident DJ behind longstanding night **Mona**. First and foremost the vinyl-only label is an embodiment of the Parisian parties that have been bringing together Voguers, Waackers and club dancers for more than a decade.

Consistently flying the flag for House music for over 15 years, **Lea Lisa** is one of those understated DJs responsible for pushing the sound forward, regardless of electronic trends. A mainstay through her residencies in Lyon and Toulouse and integral involvement in respected record store Innerdisc, Lea Lisa has been cultivating her production skills for some time behind the scenes, until now.

A longtime friend of label boss Nick V, playing each other's parties back in 2004, she launches her production career with **Walking La Mona** the second release on **Mona Musique**. Inspired by the work of her mentor Larry Heard and her close friend Kerri Chandler, "Imagine That" is classic House: simple, effective but above all emotive. Complimented by the haunting deep tones of **Rich Medina**, his conscious spoken words echo discontentment around the current political (and global) climate. Reminiscent of the early 90s but with a revived spirit is "Intention". Certainly one for the dancefloor, it is Lea Lisa's subtle production work in the beats, synths and organs that make the difference here.
