INFOS

Plexus Records & Meyso present *M.A.J.*. This is the first full length effort by French producer **Meyso**, after a bunch of projects and collaborations including productions for Lomepal, Fixpen Sill, Equipto, Sameer Ahmad and more!

Meyso first appeared on Plexus Records cassette project from 2013, then on the Kapla album on the same label with Mr Hone, Maodea and Oteest. He's been since producing for several French and Belgian rappers and started to be the DJ on tour for famous French rapper Lomepal.

On *M.A.J.*, Meyso confirms his skills and delivers a very rich and dense album. Influenced at first by producers such as Dilla, Madlib and Dj Shadow, he develops now his own modern approach of beatmaking, incorporating elements of trap and electronic music. With guests such as Caballero, JeanJass, Veerus or Ndobo Emma, the album balances between deep instrumentals made of rare vinyl samples and some catchy rap and soulful tracks.

This LP comes in a limited edition of 500 copies, all hand-numbered and pressed on 180gr, 12"x12" insert included. Original art is a painting made by Natosito.
