INFOS

Very first version of the first single by **Cortex**, reissued as 7inch for the 1st time.

"I remember that I and Alain Gandolfi wanted to put 'Mary & Jeff' on the A side, but the producer decided to set 'L'Enfant Samba' instead because he thought that the voice of Mireille would be more selling than my piano... 6 months after, at the beginning of 1976, 'Mary & Jeff' was a hit in a lot of Disco clubs and radios!" (Alain Mion)

Limited to 500 copies.
