### INFOS

Trad Vibe records started in Paris in 2005 when two friends and open minded musicians decided to set up a label that would mainly focus on vinyl releases. In times when Serato and other midi controllers dominated the dj booths and when vinyl record sales were experiencing a major downturn, this endeavour did not look like an easy bet. "Moar's Remixes", the label's first release allowed Trad Vibe to set foot in the business and to meet people like Grandmaster Dee Nasty, Cortex (Alain Mion), Raashan Ahmad, The Audible Doctor (NYC) amongst many others which resulted in fruitful collaborations.

Ten years and over thirty vinyl releases later we are proud to present you with this compilation that includes unreleased tracks and remixes by **Dj Cam**, **20syl** (C2C/Hocus Pocus), Venice Beach, Lord Funk, Blanka (La fine Equipe / Juke Box Champions) as well as brand new tracks by artists we like among which LS Brigandes (NYC) feat **Insight**, **Moar** & Elodie Rama, **Dj Suspect** & Doc TMK, King Most (San Francisco) and Madjir.

Evolution is our main target and we hope that you will enjoy our new projects as much as we do.
